**From:** Jay Steinbrecher  
OEI Manufacturing Engineer

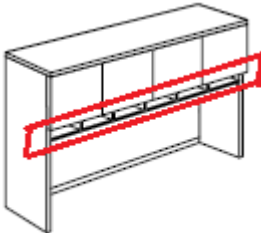

**Date:** 9/6/19

**RE:** Transpire Casegoods – Paper Sorter Inserts Now Available

Effective 09/6/19, Transpire Overhead Paper Sorters have been redesigned and are available for specifying. With this change, specifiers must indicate whether the paper sorter will be used in conjunction with a tack board. Model choices may be found on pages 105B and 223B of the Transpire price list and are shown below for reference.

- KOPSxx.H models are for use without a tack board
- KOPSTxx.H models are for use with a tack board

Please note: This release negates product bulletin “Transpire Casegoods – Overhead Paper Sorter Insert on HOLD”. Note: the paper sorter is indicated in red.

Thank you,
