

# OEI

## PRODUCT BULLETIN

**DATE:** 4/1/09

**PRODUCT LINE:** Breathe

**PRODUCT ITEM:** Breathe arm pad change

**EFFECTIVE DATE:** 4/17/09

### *INFORMATION:*

As of 4/17/09 there will be a new pad design for the Breathe Arm Pad. The current arm pad is being replaced in favor of a more modern design. The new arm pad is a 20mm cushioned urethane skin molded over a 1.6mm metal plate (Black Only). Metal plate has drilled and tapped attachment holes. The arm pad price will remain the same, the new part numbers are:

- BRTH.043 Breathe adjustable arm set
- BRTH.044 Breathe arm pad set
- BRTH.046 Breathe arm pad screw ¼-20X3/8" serrated truss head

See attached document picture of new and discontinued arm pad.

- This will be a running change.
- If you have an inventory of current arm (pads) and have a situation where you do not have enough stock to provide a specific customer all of the same arm (pads) please contact OEI.

If you have any questions or concerns, please notify your OEI customer service or OEI sales representative.

*Thank You*
