

# CHANGE NOTICE

P.O. Box 8400  
Green Bay, WI 54308-8400  
(920) 468-2165

**Change Notice No.** 113

**Implemented By:** KI-Pembroke

**Notification By:** Scott Vissers

**Date:** 7/12/10

**Component Product Title:** Series XXI Filing Systems

**Effective:** 7/16/10

**ECN:** 12097

## Description of Change:

1. The method of attaching the 5<sup>th</sup> wheel casters is changing. There will no longer be a bracket attached to the bottom drawer for attaching the 5<sup>th</sup> wheel caster. The bracket will now ship unattached, and be attached in the field with the rest of the casters.

**Reason for Change:** This change is being implemented to improve the quality of the pedestal units. The 5<sup>th</sup> wheel casters and brackets will now also be able to be added or removed in the field without replacing the drawer body. This will make reconfigurations easier as well.

**Action Required:** When the new caster brackets begin to arrive, ship them in the bottom drawer along with the casters for the pedestal file. Factory installation of these brackets is not required. If CBWs are still being used instead of the 5<sup>th</sup> wheel, these brackets can be discarded if they are included with your pedestal.

**Customer Notification:** All State Customers
