**Change Notice No.** 304

**Implemented By:** KI-Bonduel

**Notification By:** Scott Vissers

**Date:** 3/28/11

**Component Product Title:** Develop "A" Bases

**Effective:** 4/1/11

**ECN:** 12224

**Description of Change:**

1. KI/OEI is eliminating the X-base (VAHX) option of the Develop "A" bases.

**Reason for Change:** Due to low sales volume, KI/OEI can no longer competitively offer the X-base (VAHX) option of the Develop "A" line. All other Develop "A" bases will not be affected by this change.

**Action Required:** Remove the X-base (VAHX) option from the "A" base portion of the Develop Product Offering Catalog. New OEI literature with the X-base removed will be available in May. If an X-base is required on a project, OEI recommends using the Develop "M" or "T" base option.
