

Extra wide seat area (19-7/8"), extra seat depth (20") and extra deep cushioning for superior comfort.

Advise offers a black, textured, urethane back shroud for added strength and support.

Preformed, full-length polyurethane arm pads provide a soft yet stable base for arms and elbows.

Made of 18 gauge tubing, the sleek and durable black powder-coated tubular sled base frame can withstand years of use.

Guest Seating

The Advise Seating sled base side chair is perfect for any lobby, entryway or waiting room. Offering aesthetic appeal – with a black tubular frame, black urethane arms and a black urethane textured back, it is conventional enough to fit into any setting. And with various fabric colors from which to choose, it is also attractive enough fit into any setting.

The Advise Seating's generous 19-7/8" wide by 20" deep seat offers more cushion and comfort than standard plastic stacking chairs. The luxurious

contoured cushioning is a feature that will be especially appreciated when meetings or the wait goes on longer than normal.

Advise Seating is also strong and durable. Built with solid framing and uncompromising quality, it can handle all shapes and sizes that may occupy it. It's an exceptional chair for high traffic waiting areas where people come and go all hours of the day.

Advise Seating.
It's our best advice yet.
