

# TABLE Accessories

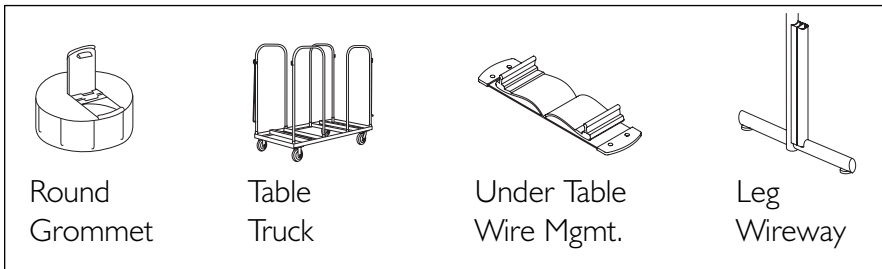

Ganging tables together is quick and efficient with an easy-to-use bracket.

Innovative press-and-release system stows receptacles while not in use.

## ADDITIONAL ACCESSORIES:

Connect allows for sequential plug and play at the worksurface.

## PowerUp® Module

The PowerUp® system conveniently provides power and data at the worksurface. Housed in an innovative press-and-release cover, PowerUp modules contain two data ports and receptacles to accommodate two laptop users per module. Each PowerUp plugs directly into a standard outlet.

Ideal for classrooms or training facilities, the Connect™ system allows up to six PowerUp modules to be “daisy-chained” on a single power cord. Like PowerUp, Connect does not require an electrician, and it’s color-coded connections ensure that the modules are always in correct sequence.

Table trucks make transporting folding tables fast and easy. Available for a variety of table sizes.
